FOIA/OMA

Dear Ms. Pratt:

I am contacting you as directed by Mr. Andrew Gasser, Algonquin Township Highway Commissioner, as a result of his response to my FOIA's dated January 29, 2019 and February 11, 2019 regarding copies of my time cards.

I was employed by the Algonquin Township Road District from August 1998 until retiring May 12, 2017. I acted as secretary for the Road District, Administrative Assistant to the then Highway Commissioner, Accounts Receivable/Accounts Payable Clerk, Senior Bus Scheduler/Dispatcher and FOIA officer.

During my years of employment no one ever requested copies of anyone's time card. There were FOIA's regarding salaries for various employees but again never a request for time cards. Within the last several weeks two bloggers referring to themselves as the Edgar County Watchdogs have published what they purport to be copies of my time cards. They are attacking my character and integrity based on their interpretation of documents that I am unable to access.

As you can see by Mr. Gasser's response he claims to have no time cards to provide me. As the incoming Highway Commissioner (May 15, 2017), he was the individual with direct access to all these time cards. If he denied the Edgar County Bloggers then where would they have received them and if he provided the Edgar County Bloggers copies of these documents why is he denying me access to these same documents?

Thank you for your assistance in this matter. I await your response.

Sincerely,

Anna May Miller
